

4 March 2016

**CHINLINK INTERNATIONAL HOLDINGS LIMITED  
(HKSE Stock Code: 0997)**

**Chinlink Participated in the Voluntary Activity “Art for ALL!”  
Building a Harmonious Community with Children with Mild Intellectual Disability**

[4 March 2016 - Hong Kong] Chinlink International Holdings Limited (“Chinlink”, HKSE Stock Code: 0997) and its subsidiaries (collectively the “Group”) participated in the voluntary activity “Art for ALL!” (the “Event”) on 4 March 2016. The event aimed to promote a caring, accepting and integrated society through creating tote bags with children with mild intellectual disability.

The event was organized by TREATS and sponsored by Chinlink. TREATS is a pioneer charity in Hong Kong that focuses on children social integration and provides essential integration opportunities for all children in Hong Kong. It aims to integrate children and teenagers of all abilities and backgrounds through the use of experimental learning, play and recreation activities, in order to foster their personal development by mutual learning and appreciation. TREATS also helps children of all abilities to enhance their self-esteem and life skills, and to enjoy a happy memorable integration experience.

Chinlink Corporate Volunteer Service Team arrived at C.C.C. Mongkok Church Kai Oi School at the morning of the day of the event. TREATS then conducted a briefing session with the corporate volunteers before the students with mild intellectual disability from that school showed up. The group of 30 participants in total kick-started the event with a few mass games. They were then divided into small groups and played some ice-breaking games to get to know each other. The session of the making of tote bags highlighted the event afterwards. Corporate volunteers acted as big brothers and sisters to partner with the children to create their own tote bags. They excitedly discussed about the size, pattern and color, and then started to do the coloring and painting with their paintbrushes and creativity. Nobody could wait to share their fantastic masterpieces with others. All of the participants were delighted and the event ended with cheers.

After the event, most of the corporate volunteers expressed their appreciation of the opportunity to meet the children with mild intellectual disability face to face. From the event, they surprisingly realized the children’s creativity and innocence, as well as the absence of the communication barriers between them. All of them enjoyed making tote bags with the children, while their enjoyment helped the event demonstrate how accepting and integrated the society is. Mr. Siu Wai Yip, Executive Director of Chinlink, said, “The event was truly meaningful. It was an incredible opportunity to enhance self-esteem and sense of achievement of the children with special needs. It also stimulated their creativity and offered them a chance to express their thoughts through painting. Moreover, the corporate volunteers could have learnt more about how to cooperate with different people through the time they spent with the children with mild intellectual disability. Further to the enhancement of communication skills, they should have understood the children with special needs after the event, and should have learnt to accept and offer assistance to disadvantaged communities, so as to help to build a caring and integrated community.”

Chinlink Corporate Volunteer Service Team shared the tote bag made with children with mild intellectual disability.

– End –
